MANITOBA AEROSPACE ALL-STARS AWARDS OF EXCELLENCE

*****2017 CALL FOR NOMINATIONS*****

About the All-Stars Awards

The All-Stars Awards event celebrates the aerospace industry in Manitoba and recognizes excellence in our community. This year, the 16th Annual Manitoba Aerospace All-Stars Awards Dinner will be held on November 23, 2017 at the Victoria Inn in Winnipeg.

Manitoba Aerospace encourages members to nominate individuals or organizations whose achievements they believe exemplify excellence and who are deserving of recognition. This is our invitation to you to become a nominator.

Three All-Stars Awards are presented annually. The following 12 categories are eligible for recognition:

- Business Growth
- Education/Training
- Employee Engagement
- Entrepreneurship
- Industry/Government Collaboration
- Innovation
- Innovative Business Practices
- Leadership
- Process Improvements
- Teamwork (emphasis on 'shop floor' and 'workplace teams')
- Technology Development
- Builder*

**The Builder Award recognizes the contributions of an individual or group that has made a significant contribution to the infrastructure of Manitoba Aerospace for the benefit of the entire membership and in the interests of the provincial aerospace industry. The Builder Award will be awarded as merited but there may not be a recipient every year.*

In a demanding industry where excellence is the baseline for performance, genuine excellence is a key to the growth and success in our endeavours.

We encourage you to help us celebrate excellence in Manitoba aerospace. Consider nominating your own organization, employees or workplace teams, or those of your outstanding colleagues or partners, so that 'excellence' can be more widely recognized, celebrated, and rewarded.

How to Nominate an All-Star

If there is an organization or a person, whether on the shop floor or in management whose work you greatly value, you could begin by asking yourself why they are so valuable? Consider the following criteria. Did the individual or team:

- ✓ Make a pioneering contribution?
- ✓ Evoke a change in the practice or success of an enterprise?
- ✓ Foster a spirit of teamwork/pride of accomplishment?
- ✓ Display leadership among peers?
- ✓ Have a unique achievement?
- ✓ Display superior business acumen or entrepreneurial spirit?
- ✓ Conceive or implement a new idea/process?
- ✓ Achieve a positive, sustainable improvement to an established process?

Describing excellence in any of the 12 categories may take many forms, but we have provided a suggested outline/format to simplify the process (see below). Nominations need not be lengthy; one or two pages is usually sufficient.

Recipients can be aerospace companies, individuals, workplace teams, or our partners in education, industry and government. Posthumous nominations are also eligible.

If you would like to discuss any ideas you may have regarding a nomination, please don't hesitate to contact us. We would be pleased to help you in any way that we can.

Wendell Wiebe
