

One of our member companies, based in the Pembina Valley, is looking for new employees to join their team as they continue to grow exponentially. They are currently accepting applications for welder positions.

If you enjoy working with tools, are interested in expanding your knowledge and experience with welding structural frames and sub assemblies, are excited about learning and utilizing world class systems and processes and are looking to grow your manufacturing experience within a clean, organized environment with a great team atmosphere than this may be the job for you!

The company is one of the fastest growing Original Equipment Manufacturer (OEM) companies in the Pembina Valley and is a leader in design, engineering and manufacturing of ROPS products. They provide some of the most striking designs and innovative engineering solutions available in today's market.

Location: Morden, Manitoba.
