

Launch Your Career

Magellan Aerospace has an exciting opportunity for a **Painter** at our manufacturing hub in Winnipeg, MB. This position will be full time, permanent and unionized. The successful candidate must be available to work shift work when scheduled.

Magellan Aerospace is a global, integrated aerospace company that provides complex assemblies and systems solutions to aircraft and engine manufacturers, and defence and space agencies worldwide. At Magellan we have over 80 years of collective knowledge and experience in the aerospace industry, and believe one truth: People create value.

Employees are our greatest resource in working towards a successful future, and together we build professional relationships that thrive. We know that personal development is fundamental to the success of every individual and invest in our employees by providing excellent career progression opportunities. When you are part of Magellan, you are part of the team!

Painter

Primary Responsibilities:

The **Painter** will be responsible for applying various types of paint finishes to aircraft subassemblies, parts and manufactured components. They will clean, prepare and mask surfaces in accordance with the specifications and plant processes prior to painting and will be required to do lettering, stenciling, and application of decals. The Painter will apply various types of paint or other protective coatings to plant support equipment and buildings.

Position Requirements / Qualifications Include:

- Experience in Aerospace, Automotive, or Industrial painting is preferred.
- Experience using painting spray guns and spray booths while applying various types of paints, primers and other industrial coatings is required.
- Experience working with, handling and disposing of hazardous chemicals such as paints, abrasives and solvents is preferred.
- Relevant Experience or Grade 12 Diploma or equivalent is preferred.
- Must have the ability to perform basic arithmetic.
- Must have the ability to read and comprehend written and verbal English instructions.
- Must have the ability to qualify and wear specified Respirators and Fresh Air Supply Equipment.
- Must meet visual acuity requirements defined through Magellan (will be tested).
- Must be available to work shift work when scheduled.
- Successful completion of an automotive or industrial painting apprenticeship or equivalent certification (such as Red Seal) is an asset.
